Circular

This to inform you all that, a training session on SCOPUS and SciVal has been arranged by Central Library on 26th Feb. 2020 (Wednesday).

Scopus (https://www.scopus.com/) is extensively used by researchers to conduct in-depth literature reviews. Scopus is the largest abstract and citation database of peer-reviewed literature: scientific journals, books and conference proceedings. Delivering a comprehensive overview of the world's research output in the fields of science, technology, medicine, social sciences, and arts and humanities, Scopus features smart tools to track, analyze and visualize research.

SciVal (www.scival.com) offers quick, easy access to visualize research performance, benchmark relative to peers, develop collaborative partnerships and analyze research trends. It is based on output and usage data (from 1996 to current date, covers over 48 million records) from Scopus.

The training session for effective use of Scopus and SciVal is scheduled at 10:15 AM to 12.15 PM on 26-02-2020 (Wednesday) in Central Library room no 308. Expert from Scopus and SciVal will conduct the session. Participants can bring their laptop and do the hands-on.

Faculties, Research Scholars and Students are welcome to attend the program.

Please confirm your participation submitting the form:
