Why this Program ?

Boost your Employability Skills

Getting a job in today's cut-throat employment market isn't all too easy a task.

In an increasingly competitive world a plain graduate degree is not that competitive anymore. Despite the top grades and academic achievements of the graduates, they find it hard to please the employers because the corporate desire for abilities and skills beyond scholastic expertise. Due to poor employability skills and abilities graduates in millions remain unemployed. Foreseeing this to be a major threat to the career dreams of millions more, NIT Trichy is organizing a short term course on employability skills development for the final and pre final year BE and BE-TECH students.

The five day course to be held at the NIT Trichy campus aims at providing quality training to enable students to perform better both in on campus and off campus tests and interviews.

The mode of delivery of these sessions which are to be handled by eminent experts both from industries and academia will be through Blended learning Methodology with interactive games, role plays, real life scenarios, case studies and practice sessions.

Benefits of attending this course- ESD

- ▶ Helping to perform better both in In campus and Off Campus Test and Interviews
- ▶ Better understanding of How to Prepare for Aptitude Test
- ▶ Knowing the techniques about how to do good in Group Discussion
- ▶ Helping to know about Grooming oneself
- ▶ Getting orientation towards all types of industry

Target Audience

This course is designed to fulfill the needs of students who are studying in the final year undergraduate and post graduate courses. This course is also structured in such a way that the requirements of third year undergraduate and first post graduate students be fulfilled.

Resource Persons

Sessions will be handled by Experts from Industry and Experienced faculty members from NIT, Trichy, BIM, Trichy, IIM, Trichy, IIT, Chennai, and Central and State Universities.
