ABOUT THE INSTITUTE

National Institute of Technology, Tiruchirappalli, is a formidable name in Indian engineering and technology. It is a dream destination for every aspiring engineer, postgraduate and researcher.

ABOUT THE DEPARTMENT

The Department of Chemistry was established in 1971, one of the oldest chemistry departments in India. The department stands at the forefront of academic research and boasts of world-class research infrastructure. The research activities of the Department are funded by MHRD, UGC, CSIR, DST, DRDO, etc.

ABOUT HORIZON

In carrying out the legacy of enlightening the young minds in and around scientific communities for these decades.

At this pandemic, HORIZON'21 brings Ayurveda to cherish our innate-Nature through Natural products and its significance role in everyday life.
