

Forenoon Expert Lectures:

Dr-Ing. M. Duraiselvam

Professor in Production Engineering

Topic: Overview of additive manufacturing technology

Dr. S. Vinodh

Professor in Production Engineering

Topic: Polymer based additive manufacturing technology

Desirable audience:

- *Mechanical engineering*
- *Production engineering*
- *Metallurgical engineering*

Accompanied by live demonstration of :

- *3D metal printing (SLM) on AMPRO SP-500*
- *EinScan Pro 2X – 3D scanner*
- *Polymer 3D printing (FDM) on Stratasys F270*
- *Fused Filament Fabrication - Cartesian 3D printer*

**NATIONAL INSTITUTE OF TECHNOLOGY,
TIRUCHIRAPPALLI - 620015**

CENTRE OF EXCELLENCE IN MANUFACTURING

**Workshop on
3D Printing and Scanning Technology
07th January 2023**

Venue: NIT Trichy campus.

Fees: Rs. 1500/-
(inclusive of lunch & GST)

Afternoon Expert Lectures:

Dr. T. Ramesh

Associate Professor in Mechanical Engineering

Topic: 3D scanning and printing technology

Dr. T. Jagadesh

Assistant Professor in Production Engineering

Topic: Fused Filament Fabrication Composite 3D printing

Limited seats only!

Registration on first come, first serve basis.
