

M. ARCH STUDENTS VISIT TO KANHA SHANTI VANAM HYDERABAD

A team of 18 students of first year Masters of Architecture visited Kanha Shanti Vanam, Hyderabad, a LEED PLATINUM CERTIFIED 400-acre campus between 19th to 21st Oct 2023 as a part of their academic learning for their course specialization - Energy Efficiency and Sustainable Architecture under the guidance of **Prof. G.Sangeetha** who handles the subject AR 701 Energy, Environment and Buildings. On all three days the students were introduced to the various concepts of sustainable architecture and designs that are practiced in the campus by the experts in the campus. The process of green building certification and the concepts of various building designs at Kanha Shanti Vanam were explained to the students by the campus architecture team. The students had the opportunity to visit the Yatra garden, hydroponics and the nursery, tissue culture laboratory, water conservation projects and the man-made rainforest.
